Short Biography

Annisa is a Research Associate with the PINDAH project.

She holds an M.Sc. in Global Migration from University College London and a Bachelor's degree in International Relations from Universitas Airlangga. She previously conducted research on labour migration policy and the migration diplomacy of Indonesia and South Korea as part of the

RIGHTS project at the University of Amsterdam. For her master's degree, she explored the experiences of mature international students and scholarship recipients in the UK. She has also worked on programmes related to nurse placement, refugee resettlement, and international student mobility.
